

American Transplant Foundation Internship Program

WHO WE ARE:

- American Transplant Foundation is a dynamic, energetic and highly effective non-profit that works to save lives by reducing the growing list of women, men, and children who are waiting for a transplant.

INTERNSHIP:

American Transplant Foundation internship program has been developed as an integral part of the Foundation's daily and overall success. This program is intended to contribute meaningfully experience for individuals by providing an opportunity for the practical application of learned skills and concepts. All internships are unpaid and designed to enhance personal and professional development in a corporate and nonprofit setting. Throughout the internship, individuals will have the opportunity to work on numerous projects and events that assist the Foundation in its mission to save lives while becoming more informed on living donations and organ transplants. Interns are given the chance to truly know what it's like to work for a non-profit organization and to work in the midst of collaborative efforts between the public, private and voluntary sectors.

SPECIFIC BENEFITS:

- Exposure to non-profit business activities
- Valuable professional work experience, training and networking opportunities
- Flexible hours that fit to your schedule
- Hands on learning in your area of interest and studies

TIME COMMITMENT:

American Transplant Foundation is dedicated to ensuring that every intern will be able to work hours that accommodate their schedule. The time commitment may vary based on the intern's arrangement and scheduling request. Major areas of focus for interns may include:

- Marketing and public relations
- Research
- Non-profit leadership
- Event planning
- Strategic communications
- Web design, online outreach, and video production
- PAP and Mentorship Program support
