

**AMERICAN
TRANSPLANT
FOUNDATION**

Our Mission

To save lives by reducing the growing list of women, men, and children who are waiting for a transplant by maximizing living organ donations. Our passion is to ensure that the transplant system is equitable for all.

Our Belief

We believe anyone who needs an organ transplant, should receive one. We're working hard to make this a reality.

Three Tiers of Support

We proactively reduce the transplant waiting list by enabling living donation and preserving lifesaving transplants through educational, financial, and emotional support.

OUR IMPACT...BY THE NUMBERS

\$1,168,000

delivered directly to patients through our Patient Assistance Program

84.8%

of our funds are used solely on patient support.

50

states where our financial support has saved lives.

2,432

People registered in our Potential Living Donor Database

Every \$1

we spend on a special event, we raise \$5. Our average ROI for special events is 490%.

1,400

referrals and educational resources are provided annually.

How We are Doing More

We provide real help to real transplant families through our free patient-centered programs.

We work to reduce inequities and improve transplant access, readiness, and outcomes by:

Eliminating barriers for living donors through education, mentorship, pre and post-operative resources, and crucial financial support

Working with transplant patients to find a living organ donor to save their life

Helping transplant patients keep the organ that keeps them alive by providing access to anti-rejection medication and critical financial support

Fighting for patient-centered rights

Innovative End-To-End Transplant Support Programs

Patient Assistance Program

Critical lifesaving financial assistance for the most vulnerable transplant recipients and living donors across the nation, including emergency financial grants.

1+1=LIFE Mentorship Program

Free peer mentoring in 12 languages for anyone who needs help during their transplant journey, including living donor search support.

Potential Living Donor Database and Living Donor Search Assistance

The first of its kind. It fills a gap in the system by providing a mechanism for those interested in saving a life to register and learn more about the specific steps to take in order to become living donor.

NEW: Option for those seeking a living donor to have a profile published for potential living donors to view, business cards to advertise their search, and more.

Patient Advocacy and Education

American Transplant Foundation goes beyond awareness by successfully advocating for living donors' and transplant recipients' rights at the state and federal level. We also provide valuable educational resources such as [patient checklists](#), [living donor search toolkits](#), and more.

“
"It's a great stress relief knowing this grant will help me keep my health insurance, which will allow me to continue to receive the care I need post transplant."

"Thank you for your kindness in helping out the American Transplant Foundation Patient Assistance Program. It has allowed them to be a blessing for me."

Timothy

Kidney Transplant Recipient
Patient Assistance Grant Recipient

American Transplant Foundation is the only non-profit that provides services to living donors, transplant recipients, those waiting for transplant, and their caregivers/families.

We don't receive any government support and rely solely on private donations to fulfill our life-saving mission
